

*A Little Easier Recovery Receives Grant from Macy's
Macy's Helps Fund "The Jacki Program"*

North Andover, MA. —January 28, 2013 — [A Little Easier Recovery](#), a 501(c)(3) non-profit organization is pleased to announce a grant award from Macy's which allows this non-profit organization to provide a free program for patients facing advanced Breast Cancer diagnosis. Every contribution helps sustain the organizations growth and allows them to assist patients enduring cancer treatment and recovery.

[Macy's](#) is the largest retail brand of Macy's, Inc., delivering fashion and affordable luxury to customers at more than 800 locations. Macy's helps strengthen communities by supporting local non-profits like *A Little Easier Recovery* as well as national charities that make a difference in the lives of their customers.

Macy's *Shop for a Cause* showcased *A Little Easier Recovery's* jewelry from their *Just Be YOU Collection* at Macy's Rockingham location. *A Little Easier Recovery's Just Be YOU Collection* proceeds go towards the non-profit organization's [Jacki Program](#), which helps cancer patients *now*.

Generous contributions from corporations like Macy's has given *A Little Easier Recovery* the opportunity to make the grueling process of cancer treatments and recovery 'a little easier' for program participants. The Jacki Program's advanced surgical garment and Organization System allows patients to do more, feel better, and live a better quality life.

A Little Easier Recovery is thrilled by Macy's recognition of their cause. According to Maureen Cardinal, Program Director, "We know that all phases of treatment and recovery are difficult. It is an honor and privilege to know we have helped make it 'a little easier' with Macy's support".
